RE: Documentation of the Correction to the Title by the State of Michigan regarding the
the Albion-Sheridan Landfill Site.

Dear Mr. Smary:

In your letter dated May 26, 1998, you sought documentation that the State of Michigan had corrected the title to the Albion-Sheridan Landfill Site. According to the State of Michigan's Department of Natural Resources, the sale cancellation was filed in Calhoun County Treasurer's Office on March 2, 1998, and copy of the document can be obtained from that office.

The United States Environmental Protection Agency (U.S. EPA) is currently working with C.D.C. Associates Inc.(C.D.C.)/ Decker Manufacturing to acquire unrestricted access to C.D.C.'s properties. Once that access is secured, U.S. EPA will expect Cooper and Corning to resume performance under the Unilateral Administrative Order (UAO) within a reasonable time. As I have said before, U.S. EPA has enjoyed a good working relationship with your clients throughout the performance of the UAO, and sincerely hopes that continues to be the case.

I will be out of the office from June 18-29. If you have any immediate needs during that time, you can contact my supervisor, Connie Puchalski at 312-886-6719.

Sincerely,

A handwritten signature in black ink, appearing to read "K. Schnieders", is written above the typed name.

Kathleen K. Schnieders
Assistant Regional Counsel
